BIOGRAPHY

Dr. Michael Bicknell's dedication and passion for his profession and education are boundless. After graduating from the University of Illinois Chicago with four degrees and the prestigious honor of being valedictorian of his doctorate class, he joined the orthodontic faculty as a clinical instructor. He continues to be involved there by lecturing to dental students and orthodontic residents throughout the year. With nearly 20 years of experience as a top-tier orthodontist, his expertise in PSL treatment has been elevated, positioning him to provide valuable insights and knowledge to others in the field. Dr. Bicknell has had the opportunity to educate and speak in over 15 countries and continues to focus on developing content that demonstrates to his peers how to balance efficiency, consistency, and aesthetics in their orthodontic treatments. His case studies with the Damon Ultima System have been published in reputable publications and used as essential teaching material for the system's mechanics and promise. Through leading thousands of in-person and web-based education hours, Dr. Bicknell has helped reawaken and energize the way orthodontists and their teams approach patient care.
